A;Title: Secretion of cyclolysin, the calmodulin-sensitive adenylate cyclase--haemolysin
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  Cyclolysin - Bordetella pertussis

N'Alternate names: adenylate cyclase precursor; calmodulin-sensitive adenylate cyclase-h
N'Alternate names: adenylate cyclase (EC 4.6.1.1), calmodulin-sensitive; hemolysin
N;Contains: adenylate cyclase (EC 4.6.1.1), calmodulin-sensitive; hemolysin
C;Species: Bordetella pertussis
C;Date: 31-Dec-1990 #sequence revision 31-Dec-1990 #text_change 16-Jul-1999
C;Accession: 800893; 814100; 502389
